---

**WHEN YOU HOST AN INTERNATIONAL EXCHANGE STUDENT** through the CIEE [High School Study USA](http://HighSchoolStudyUSA.org) program, you help

open minds and create engagement opportunities that can strengthen your school and community alike.

CIEE partners with hundreds of families like yours and brings:

- \* **Reliability and expertise:** With 65 yrs. of experience, we’ll match your family with the right student
- \* **Local support:** As your local coordinator, I live in your community—so you always have someone to turn to for immediate guidance
- \* **Peace of mind:** All CIEE students have full travel insurance in case of an emergency or medical need—to give you confidence and eliminate hassles

Host families receive a stipend to help offset the costs of hosting a student. CIEE makes all this possible and very seamless—at every step of the process, 24/7. **Learn more at [host family](#)**.

We have 2 students who’ll attend Xavier HS starting in August. Xinyi, a 15-year-old girl from China, loves to play volleyball and says that math and physics are her favorite subjects. Athibodee, a 16-year-old boy from Thailand, loves hiking and martial arts. As this will be their 2<sup>nd</sup> yr. in the US, they have strong English skills and are acclimated to US culture.

We’re offering a \$300 referral, per student, for recommending a family who hosts. Please contact me with questions or apply to be a host family at <https://beacon.ciee.org/signupsignin>.

*Kathy Thomson, CIEE High School Study USA Program Regional Dir.*

### Special Offering on July 22nd - Cedar Valley Habitat for Humanity

CVHH has been and continues to be a leader in bringing our community back from the devastating flood of 2008.

Habitat offers a hand up to area families in need of safe, decent and affordable housing. Using volunteer labor and zero-interest mortgages, Habitat can serve 1st-time homeowners who wouldn’t typically qualify for conventional financing. Qualified applicants become full partners in building or rehabilitating their future homes with sponsors, volunteers, and/or other community stakeholders!

Habitat for Humanity has shown that the building of homes does much more than put a roof over a families’ head:

- \*It provides stability for children;
- \*Families enjoy improved health, physical safety and security;
- \*They enjoy increased educational and job prospects; and
- \*They are more engaged in their communities.

Through Habitat’s work, thousands of low-income families have found new hope in the form of affordable housing.
